REQUIREMENTS FOR PRESIDENTIAL ENVIRONMENTAL YOUTH AWARDS

1. Four (4) hours conservation work:

WORK DETERMINED BY NATURE DIRECTOR. THIS WORK CANNOT COUNT TOWARDS ANOTHER BADGE, AWARD, OR TOWARDS AN ADVANCEMENT SERVICE PROJECT.

2. Explain how the conservation work you do will:

- a. **HELP** control erosion
- b. **CONTRIBUTE** to the management of the forest
- c. **INCREASE** the number of wildlife in the area.

3. Discuss a Scout's commitment to ecology and conservation:

Review the Outdoor Code. Tell what you could do in your community to work towards these goals.

4. Discuss a national **ECOLOGY PROBLEM** and give possible **SUGGESTIONS**.

This is considered an older Scout award and it requires time that may conflict with Merit Badge work. It is not restricted, however, to the older Scouts.

Some troops have elected to work on this award as a special troop project.

A special patch and certificate are available to all who complete this special award.
